Hyderabadi Irani Chai

Hyderabadi Irani Chai, born in the early 20th century when Persian immigrants settled in Hyderabad, is a cultural marvel. Originating from iconic Irani tea houses, this aromatic elixir blends strong tea leaves with cardamom, served piping hot in rustic 'kulhads.'

Beyond a beverage, it embodies a fusion of Persian hospitality and Deccan vibrancy, turning tea houses into cultural landmarks and fostering a legacy of camaraderie.

UNIQUE FEATURES ABOUT OUR FRANCHISE

Authentically Preserved

Hyderabadi Irani ensures the preservation of Irani chai's authenticity using high-quality ingredients and traditional preparation methods.

Comprehensive Support

We offer free training programs, brand promotions, and continuous company support to help you succeed as a franchisee.

Excellent ROI

With a proven business model, pricing strategies, and cost management guidance, our franchisees can maximize their return on investment.

Free Training

Our experts provide valuable guidance, ensuring you and your staff are equipped with the skills and knowledge to prepare and serve our signature Irani chai flawlessly.

Brand Promotions

Hyderabadi Irani's dedicated marketing professionals are here to assist you with brand promotions. From strategic campaigns to digital marketing initiatives, we help you attract a steady stream of customers and build brand awareness.

Company Support

Our unwavering commitment extends to providing continuous company support. From operational guidance to business assistance, we are here to ensure your success and help you overcome any challenges that may arise.
